About Tendry

Tendry is a healthcare and hygiene brand built to make dependable care accessible across institutions, communities and markets.

As a Dhrish Innovations brand, we combine market understanding, product thinking and responsive service. We work with trusted, established manufacturing partners to support government programmes, hospitals, NGOs, CSR initiatives, global distributors and private-label customers — giving you dependable sourcing without the overhead of owning a factory.

Newly launched and backed by Dhrish Innovations' sourcing experience, Tendry is built for flexible, low-hassle partnerships from day one.

- Reliable sourcing
- Flexible solutions
- Global growth focus
- Manufactured through BIS-certified production partners*

**Subject to certification verification for each product line.*

Product Portfolio

A scalable hygiene and paper-care portfolio shaped for institutional programmes, international distribution and private brands.

Sanitary Napkins

Comfort-led menstrual hygiene solutions for institutional and large-scale supply.

Baby Diapers

Dependable care products designed for softness, protection and everyday use.

Adult Diapers

Discreet, reliable incontinence care for hospitals and care institutions.

Underpads

Practical surface protection for clinical, home-care and institutional settings.

Wet Wipes

Convenient personal-care solutions for hygiene programmes and private labels.

Tissue Papers

Premium facial tissues, toilet rolls, kitchen towels and industrial tissue for hospitality, healthcare, offices and institutions.

Built Around Your Market

From high-volume public programmes to international distribution and private labels, we shape the right supply approach around your brief.

Government Supplies

Structured support for public health and welfare procurement.

Institutional Supplies

Reliable hygiene portfolios for hospitals and organisations.

OEM & Private Label

Flexible product and packaging programmes for growing brands.

NGO & CSR Projects

Purpose-built hygiene solutions for high-impact initiatives.

Corporate Procurement

Professional supply support for employee and community programmes.

Global Partnerships

Market-ready sourcing support for distributors and international programmes.

Why Tendry

Focused expertise

A dedicated healthcare brand with a clear understanding of hygiene categories.

Trusted network

Products sourced through established manufacturing relationships.

Flexible approach

Solutions tailored for institutions, programmes and private labels.

Global outlook

A long-term partner ready to evolve across products, programmes and markets.

Request Catalogue & Samples

Planning an institutional order, government programme, global distribution partnership or private-label range? We're happy to share detailed specification sheets and product samples on request.

To request a sample or the full specification catalogue, please share:

- Product(s) of interest
- Approximate order quantity / frequency
- Delivery location
- Branding requirement (private label / Tendry branded)

Minimum order quantities vary by product and are confirmed at enquiry stage to match your specific requirement.

Let's take better care further.
